Dear church family,

As you know we went back to one service last week and opened the sanctuary a little, but this week we have had some folks exposed to the virus. They will not be in services but we, the deacons and I, have decided we might need to instigate some measures for safety of all. This week we will be having only yellow and red social interactions; I will be putting the seat restrictions back in place (every other pew); and continue to ask you to give the 6 foot social distancing. I want to encourage you to bring and wear masks if that will make you more comfortable. Please remember, we are doing this to protect each other.

Paul wrote to the Philippians 2:3-4 (KJV) ³Let nothing be done through strife or vainglory; but in lowliness of mind let each esteem other better than themselves. ⁴Look not every man on his own things, but every man also on the things of others. So, we will look after each other.

We will still be able to worship together and glorify God, while at the same time encouraging each other.

God bless and see you Sunday (in person or online).

Pastor Duane
